**1** Conditional display of content and interaction controls. Uploaded photos are displayed when system has received a valid image file. If stock photos feature was displayed prior to successful upload the display is refreshed with successfully uploaded image and its controls. See page “Add to Inv - Step 4 - Use Stock Images” condition when zero images have been added.

Users can arrange ordering of images by drag and drop controls. Images are placed in last position when uploaded.

Arrow Buttons are used to navigate thumbs if more than 9 photos exist (backwards or forwards, 1 column per click). If less than 9 exist then display these controls in an inactive state.

TBD issue: Limit to # of photos per listing.
