Annotations

① Conditional selections available based on Listing Type selection made in Step 3. If **VNS Auction** is selected then the screen displays as illustrated above. If **Private Sale** is selected the "Select Trusted Partners" mechanism and if condition exists, "Select from List Requestors" mechanism is the only selection available and single select is forced. Geo Targeting fields are not displayed for a private sale listing.

③ **Columns displays Trusted Partner's Status.**
Partner = Trusted Partner is Subscribed User
My Guest = Trusted Partner is Unsubscribed User
Suspended = Trusted Partner with expired subscription or guest access
Invited = Subscribed or Guest user has been invited to become "your" Trusted Partner
Invite Expired = Subscribed or Guest user that has been invited to become "your" Trusted Partner and the invitation has timed out (expired)
Referred = Unsubscribed user referred to subscribe as user or guest – if accepted invited to become "your" Trusted Partner

③ Send Referral launches the referral workflow - – this workflow is TBD

④ Re-invite launches the referral workflow – this workflow is TBD

⑤ Conditional if a list request is in sytem with TBD Business Rules). Users can select from list of "List Requestors"

Public Messages

Message made public: This vehicle has that new car smell! [mm/dd/yyyy]

Message made public: Yes it really is beige. It looks brown because of the way the picture was taken. The interior color is the stock beige! [mm/dd/yyyy]

Annotations

1 Conditional data displayed when buyer has active offer

2 Conditional data and action displayed if current Propose New Offer is sent from client

3 Conditional button and action. If buyer does not have an active offer on the listing than the button will read as displayed here "Make Offer" and the Make Offer functionality will display. If the user has an active offer on the listing than the button will read " Improve Offer" and the Improve Offer functionality will be displayed.

NOTE: Make Offer button and conditional active offer details will never display at same time as illustrated above.

Annotations

① Offer can not be submitted unless new offer price exceeds previous offer price

② Expiration date values prior to previous active offer will not be selectable. Users can not select an expiration that is shorter than previous expiration

③ Conditionality of these selections is TBD – However the requirement is that if selectable for change the change must be an improvement.
